Nancy,

Just so you know my BOCC prefers meeting in Silverton in conjunction with San Juan County Friday morning. In addition, I did place a call to Willy Tookey earlier today to ensure that San Juan County would be comfortable with us joining them and Willy felt it was a very good thing to do.

Lastly, is there a meeting tomorrow between the EPA and others to discuss the public communication piece in which you were seeking feedback on how to make the data more user friendly to the public? The reason I am asking is I was under the impression that Pete Foster representing the County would be involved as well as Liane from SJBH and Pete has not been included as far as I can tell. Please advise.

Thanks
Joe

Hi Joe and Joanne,

Wanted to let you know who would be at the EPA briefing tomorrow. Chris Ruhl,, the Area Command Incident Commander, David Kappelman, the Area Command Environmental Unit Leader, and me, will be there at 9 a.m..

I will be back in touch shortly regarding the NPL/Superfund meeting -- which remains in flux.

Thanks

Nancy Grantham

Nancy, below is an outline of the topics/agenda that the Board would like addressed at the next briefing on Wednesday, Sept. 2 at 9:00 a.m. at the County Administration Building Board Room.

1. Introductions.
2. Update on the status of the long-term monitoring plan (QAPP).
3. Update on results of water quality and sediment testing, as well as narrative explanation of water and sediment testing, since the last briefing.
4. Status of testing of additional constituents/all potential contaminants; status of testing of source material for all potential contaminants.
4. Update on any new developments with respect to the Gold King mine.
5. Status of local unified command (how long with it remain in effect) and any other area command-related issues.
6. Update on County's requests to EPA (to the extent that those in attendance are able to speak to the issues).

If you have any questions, or need clarification on any of these topics, please email Joe Kerby, County Manager, at the email address noted above. Alternatively, Joe can be reached by phone at 970-596-2003. Please also copy Joe on any responses to this email so that he can stay abreast of the conversation. If any of the Board members requests any additional topics, we will let you know.

Thank you.
